

Navigating Changes in Nutrition Management of Genetic Disorders **Program Overview**

THURSDAY April 15, 2010

7:15- 8:15 am	Registration Coffee/Muffins/Bagels
8:15- 8:30 am	Welcoming Remarks <i>Fran Rohr, MS, RD, GMDI President</i>
<u>Morning Session</u>	
Moderator: <i>Steven Yannicelli, PhD, RD</i>	
8:30-9:00 am	Phyllis B. Acosta Keynote Address Looking to the Future: The Changing Landscape of Metabolic Dietetics <i>Stephen C. Groft, MD</i>
9:00-9:30 am	Acute Nutrition Management in Prevention of Metabolic Illness: A Practical Approach <i>Johan Van Hove, MD</i>
9:30-10:00 am	Break
10:00-11:00 am	The Urea Cycle Disorder Consortium: Developing Strategies for Optimal Outcomes in Patients with Urea Cycle Disorders <i>Marshall Summar, MD</i>
11:00-11:30 am	Acute and Long-Term Nutritional Management of Patients with Urea Cycle Disorders <i>Rani Singh, PhD, RD</i>
11:30-12:00 pm	Morning Session Questions/Answers
12:00-12:15 pm	GMDI Nutrient Analysis Software Demonstration <i>GMDI Technology Committee and Vistrada</i>
12:15-1:30 pm	Lunch/Exhibits

Afternoon Session

Attendees will choose 2 of the 3 following breakout session options during the registration process

Breakouts

1:30-4:45 pm	}	Option 1: Moderator: <i>Suzanne Ratko, RD</i> Sensory Mealtime Challenges: Clinical Approaches for Helping Patients Adhere to Diet Plans <i>Marsha Dunn Klein, MEd, OTR/L</i>
		Option 2: Moderator: <i>Heather Saavedra, MS, RD, LD</i> Assessment of Nutritional Vitamin and Mineral Needs in Metabolic Patients <i>Doug Heimburger, MD, MS and Barbara Marriage, PhD, RD</i>
		Option 3: Moderator: <i>Kathleen Huntington, MS, RD, LD</i> "Way Forward" – Assessing Novel Approaches in Management of Patients with Phenylketonuria: Promises and Pitfalls

Cary Harding, MD and Phyllis Acosta, Dr. PH, RD

- 1:30-3:00 pm Breakout- Attendee Option #1
- 3:00-3:15 pm Transition/Break
- 3:15-4:45 pm Breakout- Attendee Option #2
- 5:00-6:00 pm GMDI Business Meeting
- 6:00-7:30 pm Wine and Cheese Reception sponsored by Vitaflo USA

FRIDAY APRIL 16, 2010

- 7:00- 8:00am Breakfast sponsored by BioMarin Pharmaceutical, Inc.

Morning Session

Moderator:

Sharon Ernst, MPH, RD, CD

- 8:00-9:30 am **Symposium sponsored by BioMarin Pharmaceutical, Inc.**
An International Perspective on Hyperphenylalaninemia
*Zazil Olivares, MSc, RD, Margreet van Rijn, RD, PhD
and Helen McCune, MS, RD*
- 9:30-10:00 am Break
- 10:00-10:30 am Laboratory Interpretations for the Diagnosis of Metabolic Disorders
Bryce Heese, MD
- 10:30-12:00 pm Presentation of Selected Abstracts
Moderator: Annabel Sweeney, AdvAPD, AdvAN
- 10:30-10:45 am Improved Clinical Outcome In Children with Positive Allopurinol Loading Test Following Institution of Low Protein Diet
Susan Eckert, RD, CSP, LD
- 10:45-11:00 am Dietary Protein Increases Lean Body Mass, and Energy Expenditure in Adolescents with LCHAD Deficiency
Rebecca Kitterman, RD LD
- 11:00-11:15 am Breakfast with Glycomacropeptide but not Amino Acids Suppresses Postprandial Plasma Ghrelin Levels in Individuals With Phenylketonuria
Erin MacLeod, MS RD
- 11:15 -11:30 am Nutritional Intake, Dietary Practices and Bone Mineral Status in Adults with Galactosemia
Ann Wessel, MS, RD, LDN
- 11:30 -12:00 pm Morning Session Questions/Answers
- 12:00- 1:30 pm Lunch/Exhibits

Afternoon Session

Attendees will choose 2 of the 3 following breakout session options during the registration process

1:30pm-4:45pm	Breakouts
	Option 1: Moderator: <i>Bridget Wardley, MS, RD</i> Biomarkers for Monitoring Metabolic Control <i>Dianne Frazier, PhD, RD</i> and <i>Shideh Mofidi, MS, RD, CSP</i> Support for Shideh Mofidi was provided by the Pediatric Nutrition Practice Group of the American Dietetic Association
	Option 2: Moderator: <i>Fran Rohr, MS, RD, LDN</i> Protein Requirements in Inborn Errors: Is There an Optimal Amount? <i>Steven Yannicelli, PhD, RD</i> and <i>Margreet van Rijn, RD, PhD</i>
	Option 3: Moderator: <i>Sommer Myers, RD</i> Galactosemia – and the Survey Says..... <i>Sandy van Calcar, PhD, RD</i> and <i>Gerard Berry, MD</i>
1:30-3:00 pm	Breakout- Attendee Option #1
3:00-3:15 pm	Transition/Break
3:15-4:45 pm	Breakout- Attendee Option #2
Dinner on Own	

SATURDAY APRIL 17, 2010

7:00- 8:00 am Industry Sponsored Breakfast

Morning Session

Moderator:	<i>Melanie Gillingham, PhD, RD, LD</i>
8:00-9:30 am	Symposium sponsored by Nutricia North America European and US Approaches to Treatment of Asymptomatic Infants with Very Long Chain Fatty Acid Oxidation Defects Identified through Newborn Screening <i>Andrew Morris, MD</i> and <i>Cary Harding, MD</i>
9:30- 10:15 am	The Evolution of Acute Management for the Adult <i>Paul Wischmeyer, MD</i>
10:15 -10:30 am	Break
Moderator:	<i>Amy Cunningham, MS, RD, LDN</i>
